## The Independence March

**Fear not! For the crimson flag that proudly ripples in this glorious twilight, shall never fade,  
Before the last fiery hearth that is ablaze within my nation is extinguished.  
For that is the star of my nation, and it will forever shine;  
It is mine; and solely belongs to my valiant nation.**

**Frown not, I beseech you, oh thou coy crescent,  
Smile upon my heroic race! Why the anger, why the rage?  
Our blood which we shed for you might not be worthy otherwise;  
For freedom is the absolute right of my God-worshipping nation.**

**I have been free since the beginning and forever shall be so.  
What madman shall put me in chains! I defy the very idea!  
I'm like the roaring flood; trampling and overflowing my dyke (weir),  
I'll tear apart the mountains, fill up the open seas and still gush out!**

**The lands surrounded by the Western's and they armored with walls of steel,  
But I have borders guarded by the mighty chest of a believer.  
Recognize your innate strength, my friend! And think: how can this fiery faith ever be killed,  
By that battered, single-fanged monster you call "civilization"?**

**My friend! Leave not my homeland to the hands of villainous men!  
Render your chest as armor and your body as trench! Stop this disgraceful rush!  
For soon shall come the joyous days of divine promise...  
Who knows? Perhaps tomorrow? Perhaps even sooner!**

**View not the soil you tread on as mere earth – recognize it!  
And think about the shroudless thousands who lie so nobly beneath you.  
You're the noble son of a martyr, take shame, hurt not your ancestor!  
Unhand not, even when you're promised worlds, this paradise of a homeland.**

**What man would not die for this heavenly piece of land?  
Martyrs would gush out should one simply squeeze the soil! Martyrs!  
May God take my life, all my loved ones and possessions from me if He will,  
But may He not deprive me of my one true homeland for the world.**

**Oh glorious God, the sole wish of my pain-stricken heart is that,  
No heathen's hand should ever touch the bosom of my sacred Temples.  
These adhans, whose shahadahs are the foundations of my religion,  
May their noble sound last loud and wide over my eternal homeland.**

**For only then, shall my fatigued tombstone, if there is one, prostrate a thousand times in ecstasy,  
And tears of fiery blood shall flow out of my every wound,  
And my lifeless body shall gush out from the earth like an eternal spirit,  
Perhaps only then, shall I peacefully ascend and at long last reach the heavens.**

**So ripple and wave like the bright dawning sky, oh thou glorious crescent,  
So that our every last drop of blood may finally be blessed and worthy!  
Neither you nor my race shall ever be extinguished!  
For freedom is the absolute right of my ever-free flag;  
For independence is the absolute right of my God-worshipping nation!**

**Declaration by Atatürk to  
the Turkish Youth**

**Turkish Youth!**

**Your first duty is forever to preserve and to defend the Turkish  
Independence and the Turkish Republic.**

**This is the very foundation of your existence and your future.  
This foundation is your most precious treasure. In the future, too,  
there may be malevolent people at home and abroad who will  
wish to deprive you of this treasure. If some day you are  
compelled to defend your independence and your republic, you  
must not tarry to weigh the possibilities and circumstances of the  
situation before taking up your duty. These possibilities and  
circumstances may turn out to be extremely unfavourable. The  
enemies conspiring against your independence and your republic,  
may have behind them a victory unprecedented in the annals of  
the world. It may be that, by violence and ruse, all the fortresses  
of your beloved fatherland may be captured, all its shipyards  
occupied, all its armies dispersed and every part of the country  
invaded. And sadder and graver than all these circumstances,  
those who hold power within the country may be in error,  
misguided and may even be traitors. Furthermore, they may  
indentify their personal interests with the political designs of the  
invaders. The country may be impoverished, ruined and  
exhausted.**

**Youth of Turkey's future,**

**Even in such circumstances it is your duty to save the Turkish  
Independence and Republic.**

**You will find the strength you need in your noble blood.**

2

2. Studying English can help you get a job

English is the language of science, aviation, computers, diplomacy, and tourism. Knowing English increases your chances of getting a good job in a multinational company within your home country or of finding work abroad.

3

3. Learning English can help you meet new people

English is the official language of 53 countries and is used as a lingua franca (a mutually known language) by people from all around the world. This means that whether you're working in Beijing, or travelling in Brazil, studying English can help you have a conversation with people from all over the world.

4

4. Many scientific papers are written in English

In the last century, the number of scientific papers written in English has started to outweigh the number of papers written in the native language of the researcher. In the Netherlands, for example, the ratio is a surprising 40 to 1.

For this reason, having a knowledge of English is incredibly important to those working in the scientific field.

5

5. English is the language of the media industry

Because of the prominence of Hollywood in global media, an enormous amount of films, TV shows and popular songs are written in English. If you speak English, you won't need to rely on translations and subtitles anymore to enjoy your favourite books, songs, films and TV shows.

6. English is the language of the Internet.  
English is a particularly important language online with more than half the content on the internet written in English. As well as this, some of the world's largest tech companies are based in English speaking countries.

7. Travelling is a lot easier with a good knowledge of English  
Imagine you're a Spanish person on holiday in Thailand, while your hotel receptionist might not be able to answer your question in Spanish, it's likely they will be able to answer your question in English.

8. English is one of the most important languages for business  
Whether you're a business owner, student or employee, English is incredibly important in the business world. English is considered to be one of the most important business languages due to being the de facto language of the United States and the official language of the UK, Canada, India and South Africa.

9. With English, you can study all over the world  
Since English is spoken in so many different countries there are thousands of schools and universities around the world that offer programmes in English. If you speak good academic English, there're lots of opportunities for you to find an appropriate school and course to suit your needs. Find out about going to university in an English speaking country.

10. English gives you access to multiple cultures  
Good knowledge of English will allow you to access films, music and literature from hundreds of countries around the globe. Not to mention the fact that numerous books from across the world are translated into English. Few experiences will make you grow as a person more than learning the values, habits and way of life in a culture that is different from yours.

Recipe

# BEST HOMEMADE

## *Pancake Recipe*

### INGREDIENTS

- 2 cups all-purpose flour
- 2 teaspoons baking powder
- ¼ teaspoon salt
- 1 tablespoon sugar, optional
- 2 eggs
- 1½ to 2 cups milk
- 2 tablespoons melted and cooled butter (optional), plus unmelted butter for cooking, or use neutral oil

### 🍳 PREPARATION

- **Step 1**
- Heat a griddle or large skillet over medium-low heat. In a bowl, mix together dry ingredients. Beat eggs into 1½ cups milk, then stir in 2 tablespoons melted cooled butter, if using it. Gently stir this mixture into dry ingredients, mixing only enough to moisten flour; don't worry about a few lumps. If batter seems thick, add a little more milk.
- **Step 2**
- Place a teaspoon or 2 of butter or oil on griddle or skillet. When butter foam subsides or oil shimmers, ladle batter onto griddle or skillet, making pancakes of any size you like. Adjust heat as necessary; usually, first batch will require higher heat than subsequent batches. Flip pancakes after bubbles rise to surface and bottoms brown, after 2 to 4 minutes.
- **Step 3**
- Cook until second side is lightly browned. Serve, or hold on an ovenproof plate in a 200-degree oven for up to 15 minutes.

*Enjoy!*

**William Shakespeare** was an English poet, playwright, and actor. He was born on 26 April 1564 in Stratford-upon-Avon. His father was a successful local businessman and his mother was the daughter of a landowner.

Shakespeare is widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist. He is often called England's national poet and nicknamed the Bard of Avon. He wrote about 38 plays, 154 sonnets, two long narrative poems, and a few other verses, of which the authorship of some is uncertain. His plays have been translated into every major living language and are performed more often than those of any other playwright.

### **Marriage And Career**

Shakespeare married Anne Hathaway at the age of 18. She was eight years older than him. They had three children: Susanna, and twins Hamnet and Judith. After his marriage information about his life became very rare. But he is thought to have spent most of his time in London writing and performing in his plays. Between 1585 and 1592, he began a successful career in London as an actor, writer, and part-owner of a playing company called the Lord Chamberlain's Men, later known as the King's Men.

## Retirement And Death

Around 1613, at the age of 49, he retired to Stratford, where he died three years later. Few records of Shakespeare's private life survive. He died on 23 April 1616, at the age of 52. He died within a month of signing his will, a document which he begins by describing himself as being in "perfect health". In his will, Shakespeare left the bulk of his large estate to his elder daughter Susanna.

## His Work

Shakespeare produced most of his known work between 1589 and 1613. His early plays were mainly comedies and histories and these works remain regarded as some of the best work produced in these genres. He then wrote mainly tragedies until about 1608, including Hamlet, Othello, King Lear, and Macbeth, considered some of the finest works in the English language. In his last phase, he wrote tragicomedies, also known as romances, and collaborated with other playwrights.

Shakespeare's plays remain highly popular today and are constantly studied, performed, and reinterpreted in diverse cultural and political contexts throughout the world.

# BOAT ON THE RIVER

## Boat On The River

Take me back to my boat on the river,  
I need to go down, I need to calm  
down.

Take me back to my boat on the river,  
And I won't cry out any more.  
Time stands still as I gaze in her  
waters,  
She eases me down, touching me  
gently

With the waters that flow past my boat  
on the river,  
So I don't cry out anymore.

Oh, the river is wide,  
The river, it touches my life like the  
waves on the sand  
And all roads lead to Tranquility Base  
Where the frown on my face  
disappears.

Take me down to my boat on the river,  
And I won't cry out anymore.

Oh, the river is deep,  
The river, it touches my life like the  
waves on the sand,  
And all roads lead to Tranquility Base  
Where the frown on my face  
disappears.

Take me down to my boat on the river,  
I need to go down,  
Won't you let me go down.

Take me back to my boat on the river,  
And I won't cry out anymore,  
And I won't cry out anymore,  
And I won't cry out anymore...
